## ATTEMPTATION No. 013

Queen Victoria first learned of her royal destiny when she was 10 years of age, and although there are several different versions to her initial reaction, according to her German governess and confidante Louise Lehzen – about whom the young princess once confided in her diary, *"My dearest and best Lehzen, for I require a great deal of care still"* – Victoria, an only child, responded to her future role with the solemn pronouncement replicated in the addition sum.

$$\begin{array}{r}
 \text{WILL} \\
 + \text{BE} \\
 \hline
 = \text{GOOD}
 \end{array}$$

In the addition sum shown different letters correspond to different digits. Rewrite the addition sum using the following digits:

O			L						
0	1	2	3	4	5	6	9
