ATTEMPTATION No. 006

On August 3rd 1492, Christopher Columbus set sail on his historic voyage to the New World in three ships; **Nina**, **Pinta**, and **Santa Maria**. After sighting San Salvador, Pinta left the fleet in search of gold, and with only two ships, an angry Columbus discovered Haiti, but the next day his flagship Santa Maria hit a reef and was wrecked. Columbus continued in the remaining Nina, and after a 224-day voyage, he returned on March 15th, 1493. By sheer coincidence, the mutinous Pinta independently arrived home a few hours later.

NINA

+ PINTA

= SANTA

MARIA

In the addition sum different letters represent different digits. Rewrite the sum using the following digits:

	P	I					T
1	2	3	4	5	6	7	8
